

QUANTUM Series Qi WIRELESS CHARGING PADS

QU001WT-G - Quantum Single Qi Charging Pad

Free your Workstation

CMS Quantum series of integrated Wireless Charging Pads is set to revolutionise the workstation, eliminating the clutter of adaptors and cables

One Qi fits All

Complying to the latest WPC Qi wireless charging standards, the Quantum pads present a clean, integrated design, delivering powerful & responsive wireless charging to a wide variety of mobile and tablet devices.

Qi is established as the most widely used and accepted wireless charging protocol with hundreds of compatible devices

Quantum also caters for non-Qi enabled devices with Dual Fast Charging USB ports able to charge 2 power-intensive devices simultaneously

Available in 2 sizes and easily installed into a rectangular cut-out, CMS Quantum is a must have for workstation and shared applications

QU002WT-G- Quantum Dual Qi pad

Dual 2.1A USB Fast-Charge Outlets
