

# WERK

Featuring a large high density moulded foam seat, the Werk office stool is an ideal addition to workspaces. With an adjustable seat height and an optional architectural gas lift, this versatile stool is a popular choice for students, laboratories and healthcare professionals. Or used as an architectural drafting stool.

# Features

**Steel Frame**  
Tough and sturdy leg rest & steel frames designed to withstand the load of user's weight easily.

**Material Finishing**  
Neat lining finishing in between frame attachment sections.
